S: "I never saw this coming. I don't know what to think I liked Captain. He was a good old guy."

O: IM was interviewed and assessed in the classroom on HU 4 following an incident involving his roommate, #174953.

IM made the following statements to this writer: "Captain talked to his family, his daughter I think, last night....on a cell phone ma'am, and after that he just sat up in his chair, flipping through family pictures, crying and just kept saying 'I don't know what I'm going to do. I went on to sleep, and when I woke up at 5 this morning, he was still sitting up, looking at all of those pictures and crying. He ate his breakfast. He was fine. A couple of guys came in and checked on him, tried to talk to him. He told me to shut the curtain, that he didn't want to talk to anybody. The psych ladies came by but he didn't get up to talk to them either. He was in his bed with his head covered up. He was snoring real loud and I was like man he is off in it deep, getting some good sleep. I tried to get him up when lunch trays came, but he mumbled that he didn't want it and told me to put it on the table. Then Doug came and said that Captain (IM's roommate) had to go out on transport but we couldn't get him to get up. We shook him and he wasn't saying nothing so we ran to get the police to get some help. That's when all of this happened. I don't know what to think. I never saw any of this coming."

A: IM is emotionally reactive to incident involving his roommate, who he refers to as Captain. IM was tearful while talking about events of last night and this morning. IM denied any S/H ideations or urges to engage in SIB. IM was cooperative, alert and oriented XS 4 during interview.

P: Continue to monitor this offender for any clinical sxs of mental/emotional decompensation or negative reaction to trauma.

E: Verbal report given to Investigations Department, Director of Mental Health and to Unit Psychologist for Unit 4.

Bullock Interview

Start: Approximately 0830hrs.

End: Approximately 1030hrs.

Woke him up, he recapped the story. Capt. (Charles McGrew) used someone's (unknown) cell phone. Then afterwards was depressed was in his room flipping through pictures. Brian asked if he was ok. Brian put his earphones on then before he went to sleep he asked Capt. again if he was ok C.M. said he was fine. Brian went to sleep C.M. was still in same spot when he woke up. Brian brought C.M. his breakfast tray, he ate it then he brought his lunch & C.M. said set it on the table he didn't want it Brian stated that Osborne did come in & Rooster did too. He said Osborne was giving C.M. some noodles, but he took them and put them in C.M.'s locker box some time later staff came in to talk C.M. to medical and he would not wake up, so he and Doug went to get help.

Brian could not explain why he got up so early. He confirmed that anyone who entered the cell left almost immediately. He confirmed that he was the only person inside the cell long enough to kill him, but couldn't rationalize how the I/M died. Brian denies any involvement from Sanchez. I/M became emotional when talking about his family. He stated that his Mom and Dad said they could forgive him for anything that he does EXCEPT take another man's life. He knows that if he's found guilty then he would lose all family contact. He doesn't care what the charge is, he's going to court and he will not admit to something he "didn't do"

STATEMENTS

I want yall to understand first that I am sorry for what I did. I honestly felt like I had no choice. All of this goes back to Walnut Grove. June of 2013 I was at Walnut Grove, upon arrival I got in debt with a VL (Vice Lord) for tobacco, weed, spice, phone time. I ended up not being able to pay the debt, which was \$250. The Latin Kings, and Vice Lords came to me and gave me (2) choices, either get violated (beat-up) and carry out a hit on another Latin King who was on P.C. or I wouldn't walk out of my cell alive. I got beat up and went to the hole to go to P.C to carry out said hit on Roy Lee Edwards (R.J.). I got on 4-A (P.C.) and got to know R.J. and I couldn't carry it out. I caught out of P.C and went back to the hole, trying to leave Walnut Grove, they wouldn't move me. I went back to P.C, couldn't do it, left again, finally got moved here to East Mississippi, When I got here the VL were at the door waiting on me, Told me that I still had to come up with the money. I talked to my dad, I couldn't get the money, I got moved to 4D 106 because my dad called up here and got me moved. I was on the zone with another Latin King named Sanchez who had nothing to do with this and had no knowledge of this. Long story short a VL named Moody gave me (2) options, collect his money from my roommate (Charles McGrew) or pay what I owe. I went to my roommate and asked about said money. He told me "Fuck me, Fuck him, and fuck our organization" I relayed the message and was told to get his money by any means necessary. I told him I didn't want anything to do with it, and that's when he told me that it was my life or his. So on Tuesday (June 10) around 7:00- 9:30 I took the life of Charles McGrew by strangling him and staging it as a suicide.

I want to say that I am truly sorry for what I did. I know it means very little but I am. All of what I've said is true statement.

Long story short a VL named Moody gave me (2) options, collect his money from my roommates (Charles McHew) or pay what I owe. I went to my roommates and asked about said money. He told me "fuck me, fuck him, and fuck our organization." I relayed

the message and was told to get his money ^{B&B} ~~by~~ by any means necessary. I told him I didn't want anything to do with it, and that's when ^{B&B} ~~he~~ he told me that it was my life or his. So on Tuesday (June 10) around 9:00-9:30 I took the life of Charles ^{B&B} ~~McGrew~~ McGrew by strangling him and staging it as a suicide.

I want to say that I am truly sorry for what I did. I know it means very little but I am. All of what I've said is true statement.

Last night around 11:30 'Charles McGrew' was sitting in his bed crying looking through family photos. I asked did he want to talk about it and he told me no. About 30-45 min later, I asked him again before I went to bed and he again told me no. Around 5 this morning I woke up and he was still crying looking through family photos. I again asked him was he ok and he told me yes that he just wanted to be left alone, that he had to get his self together. I brought in our breakfast trays and he was at the table waiting on me, he ate and asked me to pull the curtain, that he didn't want anybody bothering him. Psych doctors came around and checked on him, he was asleep. I brought our lunch trays in and he told me to put it on the table, I did. Next thing I know they're calling him for transport and that's when we found him and he wouldn't respond. We went to get the c/o's and they called a Code Blue. Not once today did any of the co/s come around to do security checks. They came on the zone to make sure lunch trays were served but that's it. Before then the last time I seen them was around 7:30 for certified count.

On June 10, 2014 at approximately 1311 hours, a Code Blue was called on Housing Unit 4D. Upon arriving at Housing Unit 4D, I was directed to cell number 106. Upon entering cell # 106, inmate Charles McGrew was found laying on the bottom rack on his right side facing the wall. Inmate Charles McGrew was turned onto his back by myself (Nurse Townsend) and Officer Jones. While attempting to obtain a carotid pulse, it was noted that inmate Charles McGrew had a ligature of some sort tied tightly around his neck. Officer Jones and myself (Nurse Townsend) began attempt to remove said ligature. Ligature was removed and inmate Charles McGrew was transferred to cell floor to initiate cardiopulmonary compressions at approximately 1315 hours. At this time, I (Nurse Townsend) was unable to obtain a carotid pulse or initiate and response from inmate Charles McGrew. Inmate Charles McGrew was transferred onto a stretcher to be taken to the medical unit emergency room. Cardiopulmonary resuscitation was performed on inmate Charles McGrew by myself (Nurse Townsend) until inmate Charles McGrew arrived in the emergency room in the medical unit at which time other medical staff took over cardiopulmonary resuscitation.
